Nicolas Flinta

.

EXPERIENCE

XYZ, India – *Senior Data Scientist*

- Working on CV ranking and parsing tool by using NLP.

ABC, India— *Data Scientist*

- Work on predictive model building on device data to classify the faulty devices, which achieves 20% more customer satisfaction/ device performance than previous years.
- cases and peer review other data scientist work.
- Have skills to go through several research papers and implement the state-of-art techniques.

XYZ, India— *Senior Developer*

- Applied EDA, feature engineering techniques to analyze the large-scale customer datasets and extraction of important metrics.
- Implemented state of art machine learning and evaluation techniques to build the model and segment the loyal customers. So that right message can be sent to the right customers at the right time for achieving marketing objective.
- Done model evaluation by using confusion matrix and deciding the probability threshold.
- Detecting and reducing anomalous data.

ABC, India— *Consultant*

- Worked heavily on MSBI tools like developing SSIS packages (automated jobs) to transfer the data from IBM DB2 to Sql server database and SSRS reporting.
- Created data integration solution and ETL packages.
- Provided analytics consulting for reducing the number of incidents by time series forecasting.

KEY SKILLS

Data Analysis

Stakeholder Management

Strategy

Project Management & Delivery

Predictive Modeling & Analytics

Sentiment Analysis

Data Modeling

Data/Text Mining/Text Summarization

Data Visualization (Plotly, Tableau)

TECHNICAL SKILLS

Scikit-Learn, NumPy, Pandas

Regression, Classification, Clustering

Anomaly Detection (Isolation Forest)

Algorithm optimization (Regularization)

Parameter Tuning

StatsModels, Matplotlib

NLP, NLTK, Beautiful Soup

Transformer, Seq2Seq modeling

Python, R, RNN

LSTM, GRU, spaCy

Tensorflow, Keras

GCP, AWS, Kubeflow, Docker

GitLab, JIRA, Agile, MLops

C#, Terraform, JavaScript

SQL, Oracle, JSON, BigQuery

CBD, India— *Software Engineer*

JAN 2014 - SEP 2014

- Developed micro services, REST Apis by using C#.net, MVC architecture and exposed the APIs to be consumed by third party vendors.
- Written complex sql and PL/Sql queries (procedure, functions) etc in Sql server and Oracle database.
- Followed agile process, attend scrum meetings and maintained JIRA tasks.

BCS, India— *Software Engineer*

JUN 2011 - JAN 2014

- Developed web applications by using asp.net, ado.net, Java Script, jQuery, HTML, CSS
- Worked heavily on writing queries, triggers, functions in sql server.

EDUCATION

HOBBY

Snooker
PC Games
Teaching
Travelling
Blogging

LANGUAGES

English
Hindi
Odia
